

What to Bring on Your Sky Island Adventure

We bring the rods, flies and lunch. You bring the layers. Check things off as you pack.

Please bring **REQUIRED**

Polarized sunglasses

Critical for spotting fish through the glare on the surface of the water.

Rain jacket

Even if the forecast looks dry. It's the mountains, and things change fast.

Warm base layers

We recommend wool. Even in spring and fall, temps can dip.

Long pants

Year-round, to protect your legs from the sun and occasional underbrush.

A hat

For sun protection.

Sunscreen

We usually keep some on hand. Have a favorite brand? Bring it along.

Walking shoes or boots

Ones you don't mind getting a little wet and muddy. We don't need to wade, but banks can be muddy.

Medications

Any daily or emergency medications you need.

NM fishing license

Every angler needs one, plus a habitat stamp on most trips. Details at skyislandadv.com/faq

Skip the cotton.

In winter, spring and fall, we highly encourage wool or synthetic fabrics. Cotton holds water and keeps you cold when it gets wet.

If you like **OPTIONAL**

- **Snacks or beverages.** Have dietary restrictions, or a favorite product or brand? Bring it along.
- **Your own fly gear.** We suggest 3–5 wt rods, 8–9 feet, with weight-forward floating lines. No gear? We have plenty on hand.

We've got it **COVERED**

- Rods and fishing gear
- Flies, tippet and the rest of the tackle
- Plenty of water
- Snacks and non-alcoholic beverages
- Lunch on full-day trips

Questions before your trip? Just ask.
